Secretary
U. S. SURFACE TRANSPORTATION BOARD
1925 K Street, N.W.

EP 586

Dear Mr. Williams:

Re: Roster of Arbitrators / Mediators

I had been told, by Mr. David Konschnik, of the Office of Proceedings, that this letter, with attached resumes, should be sent to your attention. If that is incorrect, may I ask you to please forward this material to the appropriate, designated individual.

I understand that the STB is considering the creation of a roster of individuals with experience in the field of transportation and in the adjudication of alternate dispute resolutions, who are independent of industry (or the government) but who understand how both the private and public sectors work and intersect with one another. To that end, my wife, Lucienne, and I would like to offer our names to be added to this roster. Each of us has expertise in the field in different areas, but both of us are experienced arbitrators/mediators.

Should you require any further information of us, we may be reached at the addresses cited on our respective personal descriptions and qualifications. When the Board formally makes a decision to create such a roster, can we be so informed? Also, if, as and when such a roster is established, can we be told whether or not our names have been added to it for consideration to conduct future hearings or negotiations, should roster members be so designated?

Thank you for your kind attention to this request.
